

GRAPH BUILDER

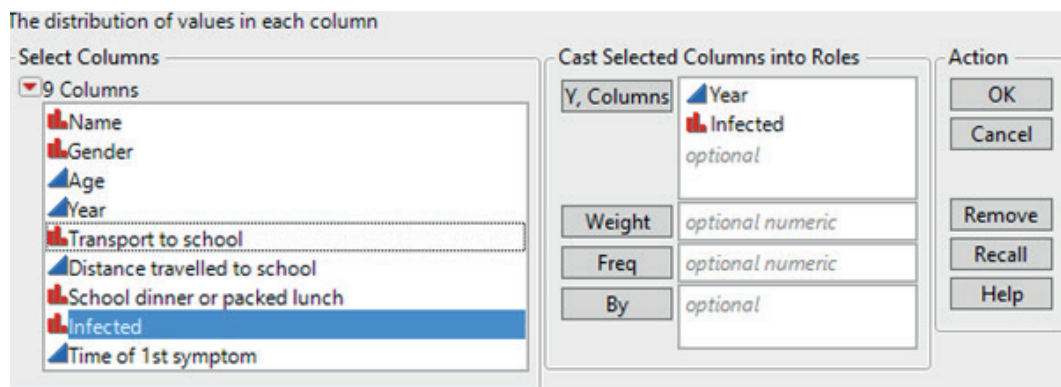

How to...

COMPARE DATA

TASK – TO CREATE A GRAPH TO COMPARE YEAR GROUP AND THOSE WHO FALL ILL.

Follow these simple steps on JMP:

- 1) Analyze → Distribution
- 2) Drag Year into Y column
- 3) Drag Infected also into Y columns
- 4) Click OK to reveal your graph
- 5) Click each year group to see the amount of students who are Infected those who are not
- 6) Click on the yes bar to see which year group has been most affected

Quick questions

- a) Do some year groups have more infected pupils than others?
- b) Which year group has the most infected people?
